The General Data Protection Regulation (GDPR) will replace the Data Protection Act 1998 on 25th May 2018. GDPR breaches could lead to fines of up to 20 million Euros or 4% of global annual turnover, whichever is higher.

All staff need some level of GDPR knowledge. How do employers provide this without staff leaving the office or overspending the training budget?

The Act Now GDPR E-Learning Platform is designed to teach frontline staff essential GDPR knowledge in 1 hour. It consists of two modules (plus quizzes) in which our experts explain the key messages of GDPR and how to handle personal data in a simple and jargon free way.
